

College Information

University affiliation: College is affiliated with MP Medical Sciences University, Jabalpur.

College layout (current)

Ground Floor Level 1– Dean Office, Administrative Block, Central Library, College council Hall,.

Ground Floor Level 2 –Department of Anatomy, Medical Education Unit, Photography section.

First Floor – Department of Biochemistry, Department of Physiology, 02 lecture theatre.

Central library

The library of MIMS is situated on ground floor; having a total area of 2482 sq. ft. It has different section with adequate capacity.

Timing: - Working hours: 8.00am to 9.00pm

- a) Reading Room: 8.00am to 9.00pm
- b) Stack Room: 8.00am – 9.00pm

Facility

- E-library cum computer lab.
- Updated journal section
- Audio visual section.
- Photocopy & printing facility available.
- Experienced & adequate staff
- Internet facility.
- E-mail facility.

- Stack room.
- Lockers available for students.

Journal Section

- Indian journals.
- Foreign journals.
- Internet notes.

E-Library

- Internet facility.
- Fully air conditioned.
- 40 browsing centre.

Central Library data:

- Indian journals - 14
- Total no. of books. - 3340
- Total no. of journals - 20
- Foreign journals - 06
- Internet nodes - 40

Lecture Theatre

Total no. 02

Type : Gallery

Seating capacity: 180 students each

Type of audio-visual aids present : LCD Projectors with wire less audio system, Green board.

PRE CLINICAL DEPARTMENTS

At present there are three fully equipped and functional Pre clinical departments available in the college building. The three departments are Anatomy , Biochemistry and Physiology.

ANATOMY

Demonstration room

Number	:	2 (two)
Size	:	64.4sq. meter
Capacity	:	75 students each

Audio – visual Aids available:

- Overhead projector
- Green board – 1
- View box – 1
- OHP – 1
- Gross Anatomy Posters – 10

Practical laboratories

I) Dissection hall:

Size : 3250 sqft.
Capacity : 150 students

Number and arrangement of tables

Big : 20
Small : 05

Hygiene and drainage facilities for disposal of discarded parts. Is there a burial ground? : Yes

a) Washing arrangement : available

b) No wash basins provided : 15 no.

c) No. of lockers provide for students: 150

d) Light and exhaust arrangement : adequate,
available

e) Special instruments other routine dissection sets, such as
Electric saw etc : Brain knife , chisel etc

f) Extra learning Aids provided in the dissection hall :available
(Skeleton, Charts, Black Board etc.) : View Box, LED Projector
Display, Board for teaching
Loose Bone sets.

g) Cadaver preservation facilities.

1) Embalming Room : available

• Size : 12 sqm

• Location : in the dissection hall

2) Storage Tanks

• Number : 3 (Three)

• Total size : one of 3sq.m ,
Two of 1.5 sq.m

3) Cold room/cooling cabinets : Available

• Size : 8 feet X 6 feet

• Capacity : 8 bodies

4) Cadaver : available

No. of students allotted per cadaver : 15 student per cadaver/as
per Availability of cadaver

Histology Laboratory

• Size : 230 sqm

• Capacity : 90 students

Working arrangement

• Seats available -90 : for 90 students

• Cupboard for storage of microscope slides etc. : 4
cupboards (for storage of 90 microscopes) + 6 slide
cabinets for storage of slides

• Numbers of microscope with 1/3,1/6 & 1/12 objectives - 90

Preparation room

- Size : 18sq.m.
- Location : attached to histology Lab
- Demonstration Microscope/ any other teaching aids: (histology transparencies): Yes available

Photogram's with diagram and Dissection: 122

LCD projector : 01

Display board : 01

Museum:

1. Size : 230 sqm

2. How are the specimens arranged? Region wise

3. Give number of each

Limbs : 10

Thorax : 12

Abdomen : 30

Head, Neck : 03

General Anatomy : 05

Embryology : 06

4. Coverage of various fields in Anatomy by specimens

Gross anatomy, embryology, General Anatomy, Neuroanatomy, Clinical Anatomy.

5. No. of catalogues of the specimen available to the students.

15 catalogues

6. Specimens in Embryology, Neuro – Anatomy, Histology, Gross anatomy.

: Available

7. Are the microscope sections of the specimens available for study to the students?: yes, Available

8. Numbers of microscope & X-Ray views Boxes available to students in the museum : 3 (Plates) x 3

9. Radiological & specialized imaging exhibits

• Number : 50

• Type : General X-rays, Special X-rays, CT scan, MRI.

10. Charts, skeletons etc : available 64

11. Seating arrangement for students
 - Number : 35
 - Type : Round revolving stools
12. Preparation and storage room : Available
13. Attached rooms : 02 Available

Research Lab

Well equipped research lab area : 50 sq.m

Department library cum seminar room

Area :30 sq.meter
Seating capacity : 10
Books : 100

BIOCHEMISTRY

DEPARTMENT OF BIOCHEMISTRY

- Accommodation
 - Demonstration Room :
 - Number : 2
 - Size : 63.35 sq.m.
 - Capacity : 75 each
- Preparation room
 - Size : 15.65 sq.m
- Working arrangement
 - Seats available : 90 students
 - Water Supply : Available
 - Sinks : Available
 - Electric points : Available

A) Practical Laboratories

1) Undergraduate Practical Laboratory

Accommodation

- i. Size : 229.32 sq.m.
- ii. capacity : 90
- iii. Washing arrangement - available
- iv. Light and exhaust - available, adequate
- v. Instruments/equipment - available, adequate
- vi. Gas burner - available
- vii. Teaching accessories - charts
- viii Glass wares - available, adequate

Research Laboratory

- Size - 50.765 sqm
- Washing facility - available
- Light & exhaust & adequate - available
- Equipments - available

Departmental Library cum Seminar room

- Size - 30.50sq.m
- Capacity - 10
- No. of books - 81

PHYSIOLOGY

1. Accommodation:

Demonstration room:-

Number : 2 (two)
Accommodation (of each demonstration room)
Size : 60 sq.m
Capacity : 75 students each
Audio-visual equipments available :
LCD Projectors, Green Board

Practical Laboratories:-

Clinical Lab:

Accommodation:
Size : 90 sq.m + 2 exam.rooms (30 sq.m)
Capacity : 90 students
 Preparation room : Available
Size : 8 sq.m
Location : 1st floor attached to the clinical lab.

Clinical Equipments
 Other arrangement:-
Washing arrangement : available
No. of basins provided : 03
Light and exhaust arrangement : adequate, available
 Extra teaching aids : available
D. Haematology Lab.
Size : 214 sq.m + 15 sq.m (prep. Room) Total – 229 sqm

Preparation room
Size : 150 sq.ft
Location : 1st floor
No. of basins provided : 34
 Extra learning aids : available

Departmental Library cum Seminar room

Size - 30.50sq.m
 Capacity - 10
 No. of books - 81

Committees

Following Committees are formed for the proper functioning of the medical college.

1. Gender Harassment committee.
2. College Council Committee.
3. Anti raging Committee.
4. Pharmaco-vigilance Committee.
5. Hospital Infection Control Committee.
